Sunshine Lodge Doing Excellent Work Here

The first year's service of Sunshine Lodge, in its relation to the work of the Juvenile Court, has met with widespread approval. Located on Bluebird Lane, at the town limits of Jeffersontown and in a beautiful building on the grounds of the Jefferson County Home...

Infants, deserted and neglected, have cleared through this place, where they have had better care and treatment through this temporary period of an unfortunate situation in the first days of their lives.

By the use of Sunshine Lodge the Juvenile Court has been able to screen its problems and give attention where immediate attention is due...

"Jeffersontown" Is Graduation Theme For J.Town High

A class of thirty-seven seniors were presented diplomas at Jeffersontown High School, Thursday night, by Orville J. Stivers, superintendent of the Jefferson County Board of Education.

The twin pianos of Shirley Hewitt and Bob Spencer played "Pomp and Circumstance" as the seniors filed into the Auditorium from the rear side entrances.

The program consisted of three speeches by the students. "Jeffersontown" was the subject of the first speech, "Yesterday" was given by Jack Proctor.

The senior recessional was to "War March of the Priests" with Shirley Hewitt and Bob Spencer at the piano.

Herbert L. Goose Heart Attack Victim

Herbert L. Goose died suddenly of a heart attack, Wednesday afternoon at 1:45, at his home on Rehl Road.

For many years a resident of Jeffersontown, Mr. Goose was an elder in the Jeffersontown Presbyterian Church, whose pastor Rev. A. D. Ellison, will conduct the funeral services Friday afternoon, at 2:30. Burial will take place in Jeffersontown Cemetery.

Surviving are his wife, Mrs. Sallie Goose; daughter, Mrs. Irene Cheatham; two sisters, Mrs. Virginia Broadbent and Mrs. Myrtle Whaley; and two grandchildren, Sallie and Betty Chant.

J.TOWN ENDEAVORS TO SPONSOR BIBLE HOUR

Boys and girls of the community, from beginners through inter-mediate, are invited to attend the annual Vacation Bible Hour, sponsored by the Jeffersontown Young People's Christian Endeavor, beginning Tuesday afternoon, May 27, at 2 o'clock.

Stories and memory work, choruses, dramatization, object lessons, Bible drills, recreation and refreshments will be on the program. The program will be held at the Jeffersontown Christian Church, and refreshments will be served in the big dining room at the church.

MEMORIAL SERVICE TO BE HELD SUNDAY, MAY 25

Memorial services, honoring the dead, will be held at the Jeffersontown Cemetery Sunday, May 25, at 4 p. m. Graves will be decorated, as usual, and Fred Myers, secretary-treasurer of the cemetery, will be present to receive flowers. Flowers will be decorated by those unable to attend in person.

Jerry L. Romine Funeral Saturday

Funeral services for Jerry Larkin Romine, 48, Jeffersontown, killed in a logging accident when a heavy log hit him on May 15, were held Saturday afternoon from Myers Funeral Home, in Jeffersontown. Rev. Claude Reader was in charge of the services, assisted by Rev. W. F. Huddleston and Luther L. Powers. Burial was in Hopewell Cemetery.

Husband of Mrs. Mabel Colyer Romine, and father of Mrs. Lela Mae Clubb, he also leaves his father, William Romine; two sisters, Mrs. Willie Roberts and Mrs. Margaret Clubb; three brothers, Burton, Evan and Woodrow Romine, and two nieces, Miss Mamie Romine and Mrs. James Graham.

Jeffersontown Team Defeats Buechel 9 to 6

The local team gained their second victory in three starts with a 9-6 win over Buechel last Sunday at Jeffersontown. The game was featured by the masterful pitching by Earl Rhea Jean, who allowed the losers only one hit in the first six innings and Joe Reid's brilliant fielding and also four for five in the hitless circuit.

In the other games Pewee Valley ekked out a 3-1 win over a fighting Ellison A. C. team, at Pewee Valley, while Middletown, found the Middies coming from behind to hand up the win to the Anchorage team 4 to 2.

Next Sunday Middletown travels to J-Town in what should be a real thriller, in their first encounter of the season. Anchorage will attempt to hand Pewee Valley its first loss at Pewee Valley, while at Buechel, Ellison A. C. and Buechel will be battling to gain the first win of the season. Game time, 2:30 as usual.

Fern Creek Homemakers Promote Fall Program

On Wednesday, May 14, Mrs. Clarence Hawes and Mrs. J. C. Grace were hostesses to the Fern Creek Homemakers' Club at the home of Mrs. Grace on Tennyson Avenue. The meeting was conducted by the club president, Mrs. Ester Altmeier.

The club sang "Song of Russian Plains," "Dark Lullaby," and "The Lost Chord." The girls were white evening dresses and carried variegated bouquets of garden flowers. The boys wore tuxedo with white carnation boutonnieres.

The program consisted of three speeches by the students. "Jeffersontown" was the subject of the first speech, "Yesterday" was given by Jack Proctor.

Jefferson county's 72 schools, serving 12,000 children closed this week until September 2. Graduation exercises have been held for 24 graduates from five county high schools, an increase of 32 over the 1946 total.

New Furnishings At Home For The Aged

The Louisville Business Men's Club, at an expenditure of \$1,700, brightened up and gave good cheer to the old folks at the Home of the Aged and Infirm, on Dixie Highway, Tuesday night, providing new modern furniture, fluorescent lighting, red leather chairs, and new window curtains in three rooms at the institution.

They celebrated the event with a party in the big dining room attended by Mayor E. Leland Taylor, club members, friends and neighbors. Mrs. Horneback taught the members of our club to make beautiful and useful articles from aluminum and tin.

There were new floor lamps, flowered drapes, other additions, and everyone was surprised and delighted. The Mayor gave thanks on part of the City, Charles W. Johnson, president of the club, made the presentation and Charles Chapin, heading the committee of old having started on the idea the first of the year. President Johnson said that since "so many people were going to the Home of the Aged, the underprivileged, we thought it was about time some group did something for the old folks."

LOCAL

Sally Schwab, daughter of Mr. and Mrs. Carl Schwab, entertained her friends at a party at her home, 1230 S. Main St., on Tuesday afternoon, at 12:30, the conference will be held at Jeffersontown School. All mothers are invited to bring their children to the nearest clinic.

They Remember—Don't Forget Them

They remember them by Mary Hatcher, right, sister of Parsonage's "Vagabond Girl." Nurses, left to right, are: Lt. Comm. Helen E. Krawier, Hartford, Conn.; Lt. Harriet Cook, Dayton, O., and Capt. Irene E. Middle, Pelee, Pa. "We want 2,000,000 Americans," said Mary, "to become members and send \$1 each to the Nurses National Memorial, 225 Woodward Building, Washington, D. C., to build and endow a permanent home as a practical way of saying thanks to war nurses for their wonderful work."

Veteran war nurses now serving in home-front hospitals remember their mothers back with flowering salutes presented to them by Mary Hatcher, right, sister of Parsonage's "Vagabond Girl." Nurses, left to right, are: Lt. Comm. Helen E. Krawier, Hartford, Conn.; Lt. Harriet Cook, Dayton, O., and Capt. Irene E. Middle, Pelee, Pa. Robards Files Suit To Settle Court Order

Claiming that the new law specifically charges him with running and repairing road machinery and trucks in addition to his other duties, County Road Engineer W. B. Robards has sued to set aside two orders of the Fiscal Court, namely: one transferring the road department to a superintendent appointed by the Fiscal Court and the other asking pay to the effect of his salary.

Robards is the road department superintendent. The suit was filed in the Circuit Court of Jefferson County. The suit was filed in the Circuit Court of Jefferson County. The suit was filed in the Circuit Court of Jefferson County.

Anchorage High Baccalaureate May 25

Baccalaureate exercises of the Anchorage High School, Class of 1947, will be held at the Anchorage Presbyterian Church, Sunday night, May 25, beginning at 8 o'clock.

The sermon will be preached by the Rev. Andrew K. Rule. The program of the evening starts with hymns, benediction by Rev. K. H. Hancy at the organ, followed by a call to worship by the choir, singing of the Doxology by the congregation, and invocation and The Lord's Prayer by Rev. K. H. Hancy.

Prominent LaGrange Churchwoman Passes

Mrs. Emma Jane Frederick Pinnell was laid to rest in the Anchorage High School, Sunday night, May 25, beginning at 8 o'clock.

"Do Own Thinking" Fairdale Grads Told

Fairdale graduates, 29 in number, Tuesday night, were told by Frank L. Davis, principal of the Fairdale High School, to do their own thinking, and not be misled by opinions of others.

Miss Mary Ellen Comarator, valedictorian, received the salutatorian and received the salutatorian award. Miss Roberta Long received the D.A.R. good citizenship medal.

Thongs Visit New Sears, Roebuck Store

Thousands visited on the opening day of the Sears Roebuck store at Dixie and Broadway, Louisville, Thursday afternoon. The store is a new building, found not only a bewildering array of merchandise, but modernization to the highest degree.

Officially, what a beautiful store, was a common expression. "I was usually by," "And so convenient in every way." To some, the store was a revelation, breathing and the escalators, which delight especially the kids, moved from the upper floor and down again at the rate of 6000 ft.

MAGICIAN SHOW TONIGHT AT HIKES GRADE SCHOOL

On Friday, May 23, at 8 p.m. the Hikes Parents-Teachers Association will sponsor a trip to town. The proceeds are for a Memorial and we expect your attendance. The time is 8:15 p.m. and Eugene Richardson will be the magician. The Legion fair fry was well attended and was a complete success. The Thompsons were greatly appreciated.

Callett; brothers, Everett and Clarence Callett; sisters, Mrs. Stella Williams, Mrs. Lillian Simpson, Mrs. Nellie Robinson, Mrs. Betty Dally, Mrs. Nancy Howard, Mrs. Bertha Hayden and Misses Edna and Bessie Callett.

More Classrooms For Jefferson County Schools

Jeffersontown will be one of several towns in the County to be favored with more classrooms for local schools. The County Board of Education, Tuesday, after a series of hearings in which urgent need was expressed, voted to provide 24 classroom buildings—portable structures—costing \$80,000. They are to be available in September. Jeffersontown will obtain one for elementary and high schools; Fairdale, and Okolona, the same, while Valley Station will get two.

The plan is to build two new elementary schools assigned to each of the four townships. The plan is to build two new elementary schools assigned to each of the four townships. The plan is to build two new elementary schools assigned to each of the four townships.

St. Matthews May Ask Annexation Rehearing

Since the Court of Appeals ruled Friday that the law under which St. Matthews sought to incorporate is invalid on the ground that the title of the law was incorrect, the matter came up for rehearing at a meeting of the St. Matthews Chamber of Commerce at Bauer's, on the Brownsboro Road, Tuesday night.

Cities and Towns Planning Memorials

Planning war memorials for utilitarian purposes rather than cold marble or bronze effigies, many cities in Kentucky, as expressed in a LaGrange, Ky., resolution, have had many in mind, will build suitable memorials in honor of the 4,000 Kentuckians killed in World War II.

Many of these planned memorials will still stand or provide public squares. Others will be needed public buildings, such as memorial auditoriums. The American Legion and the Veterans of Foreign Wars through local posts are leading the way.

Clements "Far Ahead" Says Tom Underwood

In an address delivered over Radio Station WHAS on Monday, May 19, Tom Underwood, editor of the Lexington Herald-Leader, said that in his opinion, Congressman Earle Clements is as far ahead today in the contest for the Democratic nomination for Governor of Kentucky as Edmund Munton was ahead of Thurston B. Morton in the Republican primary when Mr. Morton quit.

Waterfield Offers "Best Bet," Kilgore

Declaring Harry Lee Waterfield to be a "free man in his own right" unfettered by allegiance to any faction and unbound by any party interest, Ben Kilgore, widely known farm leader and State campaign chairman for the Citizens' newspaper-farmer, said that he offers the best chance for Democratic victory in November.

Comparison of Serial Numbers Prevent Error

Institutions, firms and individuals, cashing checks issued by the Kentucky Unemployment Compensation Commission to veterans, are urged to compare the serial number of the check with the Social Security number of the veteran. The Commission is pointing out, will prevent error in paying the wrong person and avoid restitution. There are so many names, like Smith, for example, and even names alike, that it is explained, that the serial or Security number comparison is the best way, in the absence of positive identification, to prevent error or fraud.

Memorial Service To Be Held Here Thursday

A memorial service will be held at the Jeffersontown High School Auditorium on May 29 at 8 p. m. The G. J. Joe Post is sponsoring the service. The men of our vicinity, who were killed in service, will be honored.

TENNESSEE GRAD

Taefel is now a reserve officer and chief of chaplains at Nichols Hospital. He served 28 months overseas in World War II and was stationed in the European theater. He himself lost a son in the war.

An impressive program is being planned by the post and your attendance is urged. All parents, wives and families of deceased service men are especially invited and will be recognized in remembrance of your loved ones.

The ministers of Jeffersontown will assist in the service, as well as post members and other talent. Families, who lost a member and whose address is Jeffersontown, are asked to help the post in submitting the complete name, rank and branch of service of the deceased persons. Their names will be included in a booklet, "We Remember," which will be distributed at a meeting of the St. Matthews Chamber of Commerce at Bauer's, on the Brownsboro Road, Tuesday night.

### State Unemployment Fund In Good Shape

The Kentucky Unemployment Insurance Fund, from which jobless benefits are paid, has a balance of \$98,378,064.53 as of April 30, this year. H. A. Babo, executive director of the Kentucky Unemployment Compensation Commission, Frankfort, announced this week.

This fund, which is in deposit with the Treasury Department in Washington, is credited with interest of \$453,268.06, earned from January 1, 1947, through March 31, 1947.

Employers contribute from 2.7 per cent of taxable payrolls down to what is normally termed "zero" depending upon certain employment experience factors of the employer.

The taxable payrolls of employers covered by the insurance fund amount to \$630,000,000 in 1946, with employers, the only ones contributing to the fund (the workers pay nothing), paying contributions amounting to \$17,424.58, or at an average of 1.5 per cent of taxable payrolls.

Employers will receive an additional credit of \$6,512,556.42 on federal unemployment tax returns which they filed with the Collector of Internal Revenue for 1946. Of the 11,070 employers subject to the act, 5,975 will pay contributions at the 2.7 per cent rate for 1947; 3,932 will pay the 1.8 per cent rate, while 2,060 will not be required to pay any Ken-

tucky contributions — although their employees will remain covered, as these employers will be required to file the quarterly contribution reports setting out each employer's individual earnings for each quarter.

### Our Weekly Chuckle

Bandits sometimes have a heart and listen to reason — but not often. This one did, but it was due to the insistence of a methodical woman, who was a "stick-up" at the Joy Candy Shoppe, 6305 Cottage Grove Avenue, Chicago, Monday at 9:35 a. m.

Mrs. Clara Vezina was alone and busy when a man entered, one hand in his pocket, the other holding a note which read: "Turn over all your money, and keep quiet."

"Now see here," said Mrs. Vezina sharply. "I'm busy taking inventory today. The money is all in the safe, but I wouldn't have time to get it if I could open the safe. Now, run along!"

"You've got money in that cash register," argued the bandit.

"Only about \$10," said Mrs. Vezina.

"Gimmie," said the bandit. "I gotta have something for my labor."

"I need money for change," Mrs. Vezina pointed out. "Now suppose you take \$7 and leave me the other \$3 for change."

"That seemed agreeable," and Mrs. Vezina handed over \$7, most of it in silver.

"Now, just a minute," said Mrs. Vezina. "I'm working for a chain-store company, and I'm taking inventory. This \$7 loss is going to have to sign a receipt."

By this time the bandit was too awed to argue, and Mrs. Vezina

wrote: "Received, \$7."

The intruder looked it over, added just one word, "money," then signed it "Joe," before he departed.

Mrs. Vezina filed the receipt and called police. — The Chicago Sun.

### The American Way

#### BE FIRM WITH RUSSIA

By Dr. Norman Vincent Peale  
(EDITOR'S NOTE: Dr. Peale is minister of historic Marble Collegiate Church on Fifth Ave., New York City.)

Here and there church groups, mostly those which have a special zeal in a leftist direction, are condemning the Truman Administration for advocating the extension of financial aid to Greece and Turkey. They are stinging "democratic movements" in those two countries and are supporting right-wing and conservative elements. They say that such action will ultimately involve us in war with Russia.

They take the position that we must not make even the slightest move that might offend Russia, no matter how right we may consider ourselves to be. And how wrong the Soviet may be. As a minister, I feel that the mark of a Christian is, "Will it be all right with Christ?" It has reached the point that if you criticize Russia, however mildly, or if you seek to protect the United States, they immediately catalogue you as a reactionary, a fascist, or some other undesirable thing.

The plain truth is that European economy is in a very bad way. The factors upon which everyday life depends, such as transportation, factories to produce goods, roads and bridges over which to carry produce, are almost totally disrupted. The ordinary process of business are virtually extinct. Cities have been reduced to rubble. Farm lands have been laid waste. Mines were flooded and water Europe is producing only half the coal it mined before the war.

European economy is all but prostrate.

It affords Russia the greatest opportunity she has ever had to pump her socialist ideas into the minds and hearts of disrupted and discouraged peoples. Her propaganda have been destroyed in a large part of Europe so that the new uncertain instability of private property can very easily become institutionalized.

The writer of this article is certainly not a New Dealer, but he believes that President Truman is on sound ground in advocating that the United States give support to the countries of Europe, to the end that left-wing and communistic influences may not take further hold, and eventually swallow them up.

If we strengthen a free enterprise economy in this crisis, America will have the leadership rather than Russia. The Truman plan is a realistic policy, furthermore, it is a Christian policy. When people are without food and shelter, their homes broken, their businesses disrupted, it is an act of the Good Samaritan to help them bind up their wounds and to help restore their liberties to them.

Do not let anyone sell you the false idea that being a Christian necessarily means being a devotee of Russia. Being a Christian means to get along with Russia as far as that is possible, and it means to go the extra mile to do it. It means to exercise patience, understanding and conciliation, but it does not mean cowardly appeasement that will allow Russia to dominate and enslave the world.

We must not repeat Chamberlain's and his England's fatal error of trying to appease Hitler and his Germany at Munich; we must be firm with Stalin and his Russia.

### Star Stitch Blouse

THE charm of this crocheted blouse lies in its simplicity. Straight rows of star stitch form the complement of a "shell" and "shell" smooth neck line, brief sleeves in one with the bodice, and the unbroken torso line are attractive details. A direction letter for crocheting STAR STITCH BLOUSE may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, asking for Leaflet No. 1332.

### Unwanted Pacific Atoll

#### Now Valuable Air Station

Tiny Palmyra, the low atoll 1100 miles southwest from Honolulu, used to be an "island without a country," says the National Geographic society.

Whaling ships often sought the atoll's limited shelter in the early 19th century. One of the earliest visitors was the American ship Palmyra in 1802. At various times thereafter, the tropical pinpoint was claimed for the United States, for Great Britain, for the one-time Italian kingdom, and by private individuals for themselves.

Declarations by Hawaii in 1862, by Great Britain in 1889, and by the United States in 1912 were sovereign claims among many private ones. All lapsed, however, because the atoll was not worth holding. By 1938, the trans-oceanic phase of air transport had arrived, and the United States raised the Stars and Stripes over Palmyra, prospective way station on the New Zealand air route.

More than 30 islets make up Palmyra's land total of 250 acres. They are links in the five-mile-long horseshoe-shaped platform of coral and hard sand that encloses three separate lagoons. Largest islands, Cooper, on the north, and Eastern, on the east, cover less than 50 acres each.

### Britain Changed Calendar in

#### 1752 and Lost a Week-End

When England changed New Year's Day from March 25 to January 1 in 1752 and adopted the Gregorian calendar, thousands of Englishmen were ailing, and the week-end. According to the Encyclopedia Britannica, the change in the calendar made it necessary to wipe out 11 days of the year, which was done by declaring that the day after September 2 was September 14, not September 3. This brought England into step with the Catholic countries, which had adopted the Gregorian calendar in 1582.

During the early Middle Ages, March 25 was considered the first day of the new year by most Christian peoples, but in Anglo-Saxon England, the Britannians points out, New Year's Day fell on what is now Christmas—December 25. At the time of the Norman Conquest of England, however, William the Conqueror ordered that the year should start on the first of January, possibly, it is believed, because his coronation was scheduled for that date.

Still later, England reverted to the custom observed by rest of Christendom and began her year on the 25th of March, and that date remained the first of the year and ecclesiastical year until 1752, when the calendar was adjusted to the Gregorian system which is still in use today.

### Major Cause of Blindness

The single most important cause of blindness is cataract. It accounts for almost 25 per cent of the cases in a sampling of 20,000 blind adults. Congenital cataract accounts for 15 per cent of the cases among a large group of blind children. A cataract is an opacity of the crystalline lens—all or part. The lens is behind the pupil. It is the part of the eye that focuses rays of light on the retina. When the cataract is fully developed, light will not pass through the lens but is reflected back. This makes the pupil of the eye—ordinarily black—look white. The onset of a cataract seems to be closely tied up with a person's general condition. Teeth, sinuses, blood, glands—trouble in these or in almost any other part of the body may be behind the trouble in the eyes. Or the trouble may be centered in the eye itself as the result of eyestrain or an accident.

### High View News

By Mrs. Joe Baetz

There are seven pupils graduating this Monday night from the Fern Creek High School who graduated from the eighth grade at High View school. Mrs. Mattie B. Lühr, their teacher there, is especially proud of them to say nothing about the parents. These students are as follows: Betty Burroughs, Freda Hall, Deloris Johnson, Martha Hacker, T. J.

Timmons, Garnett Baetz and Donald Aubrey.

The Ladies' Bible Class of High View Church of Christ gave a shower for Mr. and Mrs. Don Tappin last Friday night at the home of her parents, Mr. and Mrs. Conrad Young. Many nice and useful gifts were received. There were about 45 folk to enjoy the occasion. Games were played and refreshments served and everyone enjoyed themselves.

Mrs. Dorothy Schreiner and Pte. James Hartzell of Fort Knox motored to Mammoth Cave over the week end. A very enjoyable trip was reported.

Sunday dinner guests of Mr. and Mrs. A. J. Goins were Mr. and Mrs. Thomas Boston and Billy Ray, Mr. and Mrs. Elroy Shepherd and children, Barbara and Kenneth, and Mrs. Billy Goins.

Mr. and Mrs. Allie Higgs and children of Louisville attended church at High View Sunday and were dinner guests of their son, Mr. Marvis Higgs, and wife.

Those who remain on the sick list are Mrs. Katherine Higgs, Mrs. Margaret Wright, Mrs. Alma Campbell, Mrs. Annie Woodrow, Charles Cox and Mrs. Richard Sherlock. We sincerely hope each will soon be feeling better and well on the road to recovery.

We extend sympathy to the family of Mr. Byron Sandiford who passed away Saturday.

Mrs. Albert Wise of Highland and sister, Miss Anna Welch, of Lebanon, Ky., have returned from a pleasant stay with friends in Henderson and Morganfield, Ky.

Mr. and Mrs. Tobaban have adopted a little daughter.

Mrs. Florence Osterholt's uncle, Leone, has been very sick lately.

### Red Feather

An official symbol of the 840 Community Chests of America, the Red Feather was first used, probably, in ancient China, where a red feather robe, the "Hagoromo," supposedly insured immortality. Toward the middle of the 14th century in England the Black Prince decreed that knights performing acts of valor or chivalry should wear red plumes in their helmets. Robin Hood's derring do men wore red feathers in their caps for each good deed. Maytag's early brand feathers as symbols of courage and valor; fearless Indian braves wore vermilion-dyed eagle feathers as tokens of courage. Its adoption by the national organization of Community Chests came early in 1945 and although the title of the person who suggested it is unknown, its constant association with "mottoes" deeply throughout history makes his reason for going so clear. Today it signifies generosity and indicates that the wearer recognizes his responsibility to members of his community. The official Red Feather symbol is encircled by 12 stars, representing the year-round services offered by Red Feather agencies.

### Mohammedan Holy Days

About 255,000,000 Mohammedans commemorate the birth of Mohammed on the twelfth day of the third month on their lunar calendar and the birthday of St. Joseph in the fourth month, according to the Encyclopedia Britannica. The chief festivals of Mohammedanism, as listed by the reference work, are "Eid el-Fitr," which lasts for three days, and "Eid el-Kebeer," beginning on the tenth of Zol-Hageh, the last month of the Mohammedan year, which goes on for three or four days. The Mohammedans who make up 13 per cent of the globe's population, also keep holy the first ten days of Moharram, the first month of the year, particularly the tenth day, called Yom Ashoor. The anniversary of the prophet's miraculous ascension into heaven in the seventh month and one or two lesser anniversaries are also marked, the Britannica points out.

## What makes a RAILROAD?

Is it tracks and trains? Of course!  
Is it the teamwork and devotion to duty of thousands of men and women working together? You bet!

These things...and many more...make a railroad. And so do the underlying policies that reflect the hopes and aspirations of the railroad as a whole.

The past that guide the Southern Railway System have not varied through the years. They have been, and are—

- To develop the territory and to foster faith in the South, its people and its opportunities.
- To furnish safe, economical and adequate railroad transportation in the territory where the "Southern Serves the South."
- To treat fairly and kindly the men and women whose work keeps the railroad going.
- To pay a fair return to the owners of the property.

With steadfast faith, and with these principles that are recorded in our 1946 Annual Report, the Southern confidently approaches the future years.

## FARM FACTS WORTH KNOWING

Q. What can be done to prevent loss from machine theft?  
 A. All farming houses of every type should have a guard rail around the sides and back of the individual pen used by each row and her litter. This rail should be 8 to 10 inches from the floor and 8 to 10 inches from the wall. Guard rails are of great value in keeping rows from rolling on their pigs.

Q. Is it possible to control the color of egg yolks?  
 A. Yes, research work conducted at the Research Farm of the Holston (Purina) Company has shown the effect of the feed on the color of the yolk of the eggs produced by the laying flock. The results of this research work have been information on the relationship between all feed and yellow color in egg yolks. This information, the amount of feed and yellow color in egg yolks can be controlled to provide the color of yolk desired. By the use of special ingredients, Purina research workers have been able to produce eggs with bright green and bright red yolks, showing that the hen's diet influences the color of the egg yolk.

Q. Approximately how many broilers can be raised in a pen that is 12 feet long?  
 A. Broilers should have one square foot of floor space per bird for the first 10 weeks. After 10 weeks the chicks may be started in a pen that measures 16x20 feet. Broiler houses have found that it is to give the birds plenty of room. Where the birds are crowded, mortality and virus increase, and growth decreases.

Q. I have a young Jersey cow that kicks herself. Is there any prevention?  
 A. The question of cows kicking themselves is a serious problem but so unusual that not many animals are affected. The best plan would be to keep the animal tied and send her to the butcher. If the cow is valuable, you might try a harness, made of soft material, and tie the rope or strap back of the front legs. This rope or strap back to the strap on her body. The rope should be adjusted so that she can move her head sideways but not clear around her body.

Q. The outlook for good crops, generally, in Kentucky is not discouraging, despite early setbacks due to rain.

Features and small grains showed considerable development during April in spite of the adverse weather conditions but are still two to three weeks later than last year, according to the Bureau of Agriculture. Economics. Although low temperatures retarded growth, most fruits and gardens escaped serious injury.

Wheat acreage for harvest as grain this year is estimated at 279,000 acres. This compares with 279,000 acres harvested in 1946 and the 1935-44 average of 416,000 acres. May 1 condition is reported at 89 per cent of normal, indicating an above-average yield of 1935-44 average of 1935-44 production is 6,240,000 bushels.

Condition of rye is reported at 90 per cent of normal indicating a yield of 13.5 bushels per acre compared with 14.0 bushels last year and the 1935-44 average of 12.3 bushels. Total production is estimated at 351,000 bushels compared with last year's production of 518,000 bushels and the 1935-44 average of 253,000 bushels.

The May 1 condition of pasture and tame hay at 86 and 82 per cent respectively are slightly lower than last year but are still above the 1935-44 average. Hay stocks in Kentucky farms May 1 were estimated at 491,000 tons compared with 615,000 tons on the same date last year but are still well above the ten-year average (1935-44) of 291,000 tons.

"What, potatoes?" queried a Jefferson County farmer this week, "I wish I had 'em planted!"

The carrot is a vegetable that is generally eaten as a salad. As early as 1821 it was found that animals could be identified by nose-prints, using a system similar to that used by fingerprinting.

1. For mulching with sawdust, use one bushel for 15 square feet. This will give a covering an inch deep.

2. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

## Cow Mine Detector

Metals often enter pierce the cow's stomach, then enter the heart and cause severe inflammation and sometimes almost instant death.

With the bovine "mine detector," the veterinarian passes the instrument over the cow, and if she has any metal objects inside her, it produces a ringing sound in the earphones. Then by surgery, the nails and other objects can be removed.

## Hexachloro Cyclohexane Finding Many New Uses

A new insecticide now appears containing 100 per cent hexachloro cyclohexane in a wettable powder formulation suitable for application as a water spray and for further dilution for dust application.

It shows promise for control of cattle lice, many insects of cotton, including aphids, and for certain insects that heretofore have been difficult or impossible to control, including locusts and hoppers.

The tattoo system of equine identification, to prevent substituting fingers in races, is generally advocated.

As early as 1821 it was found that animals could be identified by nose-prints, using a system similar to that used by fingerprinting.

## Young Carrots From Your Garden Taste Different

If home gardeners were to be rated according to the quantity of vitamins they contribute to the family diet all season long, the carrot would probably be rated next to the tomato.

If your family belongs to the anti-carrot faction, and you are planning to eat carrots from the garden, do not omit carrots from the schedule because of that prejudice. If you have never eaten carrots from your own garden, then you have no idea how delicious they can be.

Now a row, with the very first crops you start in the garden. First, mix the carrot seed with a pinch of special rosy for canning, and sow the seeds thirty (thirty) to the foot. When the radishes appear and mature, pull up and eat them promptly, so you will not crowd the carrots which succeed them.

The carrots grow without thinning until some are as big as lead pencils, then begin to thin out and cook the excess roots. You will be amazed at the flavor and tenderness of these tiny carrots, and from then on your prejudice will disappear.

When carrots are most delicious when they are young, they still remain sweet and tender after they are grown all summer in the garden. They will mature well standing in the garden, but to touch each other. But the best plan is to make successive sowings, and harvest them before they are full grown. If you wish to eat carrots, the smaller they are the more delicious you will find them next winter.

It is a good plan to sow a special row for canning, and harvest them when they reach the size of lead pencils.

When carrots are allowed to mature, they should be pulled when the tops begin to turn yellow. If left in the ground they will lose quality.

1. To keep cantaloupes, cucumbers and squash 80 to 90 per cent free of pickleworm, dust with 100 per cent rotenone dust. Make first application when first fruits are set, repeat every five to seven days until harvested.

2. Harvest onions when the first tops begin to fall over. Allow them to dry in the sun a few hours, then store in a dry cool place.

3. When stacking tomatoes, tie close and firmly to stave. This will prevent wind damage.

4. Given sufficient space,okra

## will produce many side branches which will result in better yields. Leave only one plant for each 2 or 3 feet.

5. Set tomato plants deep and they will stand drought better. If plants are 6 or 7 inches long, leave only 2 or 3 inches above ground.

6. Where tomatoes will, plant the Pan-American variety. It is almost entirely resistant to this disease. Not one of the best varieties, it is still fairly good in quality and yield.

7. For mulching with sawdust, use one bushel for 15 square feet. This will give a covering an inch deep.

8. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

9. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

10. Again we say, plant three or four vegetables per row. It is a combining vine and the fruit is good baked or boiled. You plant the whole fruit, not seed. A postal card request will tell you where to obtain them—The Progressive Farmer.

11. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

12. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

13. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

14. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

15. For earliest and largest tomatoes, stake, punch out top bud of plant as soon as three clusters of fruit have formed. When doing this, leave two pairs of leaves above top cluster.

## Bardstown Road News

By Mrs. Fielden Frederick

Mr. James Byron Standiford, age 64 years, passed away Saturday morning, May 17, at 7:45 o'clock at his home on Meddis Lane. He had not been in the best of health during the last year but his death came very unexpectedly.

Surviving him are his wife, Mrs. Adelaide Connela Standiford, two sons, James L. and Hugh Standiford, one daughter, Miss Elizabeth Standiford and one grand daughter, Miss Marjorie L. Standiford.

Mr. Standiford was a man of sterling worth, a good father and splendid neighbor.

The funeral was conducted Tuesday afternoon at 3:30 o'clock from McAfee Funeral Home and interment took place in Resthaven Cemetery. Our deepest sympathy goes out to the sorrowing wife and family, the first ties to be broken. Their loss is Heaven's gain.

Mr. and Mrs. Fielden Frederick, who have sold their farm on Frederick Lane and Bardstown Road
